Orlando, 17 October 2022 – Airbus Corporate Helicopters (ACH) has delivered the first ACH130 Aston Martin Edition to a US customer.

The helicopter was handed over to the private individual, who also owns an Aston Martin luxury sports car, and is on display in the static area at the NBAA Annual Convention.

The ACH130 Aston Martin Edition is a special version of the ACH130 featuring a range of interior and exterior designs created by Aston Martin.

It is the product of a fruitful collaboration between the aeronautical designers at Airbus Corporate Helicopters (ACH) and the automotive designers at Aston Martin, combining ACH's key values of excellence, quality and service with Aston Martin's commitment to beauty, handcrafting and automotive art.
